Wednesdays
Starting July 6th

Algebra Review

For Students entering 7th and 8th grade.

Structured Literacy

Groups for students learning sounds and building on reading skills.

Math Foundations

Basic Math Skills and Concepts
Grades 1-3 and 4-6

Divorce Group

Support groups for children ages 5 through 14 dealing with the stresses of adapting to divorce.

Social Skill Groups

Groups will be offered from 6 to 12 session packages. Students are grouped by developmental age, need and interest.

Preschool – K groups will run on Tuesday evenings, Elementary aged groups on Tuesdays and Thursday evenings, Middle School and High School groups on Mondays and Wednesdays.

The focus of each group will be to address a wide range of social skills appropriate to the developmental level of the group.

Preschool-K: Through structured play students will practice turn taking, listening, strengthening social/emotional skills, learning to share space, and more.

Lower Elementary: Social/emotional skills will be taught through structured lessons and play. Students will learn social vocabulary, problem solving skills, active listening skills, cooperation, impulsive control, social communication, and more.

Upper Elementary: Fun and interactive groups that learn skills while playing games and participating in engaging activities. General topics include such as how to make friends, conversational skills, coping skills, social awareness, and more.

Middle School: These are the toughest social years and the group is focused on building confidence, self-awareness, understand social language, developing people skills, and more! Positive, fun and interactive!

High School: Learning social competencies to help student meet social success in high school and within the community. Topics include emotional regulation, coping skills, current events, dating, social media, developing tolerance for others, respect, and more!
